Basic Services of Director & Staff

\$1,695

Our services include: conducting the arrangement conference; planning the funeral; consulting with family and clergy; shelter of remains; preparing and filing of necessary notices; obtaining necessary authorization and permits; coordinating with the cemetery, crematory, or other third parties. In addition, this fee includes a proportionate share of our basic overhead costs. This fee will be added to the total cost of the funeral arrangements you select. This fee is already included in our charges for direct cremations, immediate burials, forwarding or receiving remains.

BAM-CKCC-U

Designed for a cleaner and greener, yet dignified cremation. Passages' Simple Bamboo Containers are hand-woven from sustainable bamboo. They are certified Fair Trade and burn more completely, at a lower temperature, and do not emit toxins. They are fully biodegradable containing no plastic, metal, or cardboard. Weight tested to 350lbs.

- Includes absorbent quilt in the base, and a simple bamboo headrest.
- Ships flat-packed to reduce space and lower carbon emissions.
- Easily assembled with no tools.
- Lining, pillow and throw available.

Bamboo is better for the Earth

"Families see it as making a final decision that is bigger than just the container... It's been very powerful for us and the funeral homes that we serve to see the response from families, which has been overwhelmingly positive."

Bamboo Burns Cleaner

Independent lab testing showed that our Bamboo caskets and containers burn at a lower temperature than traditional cardboard containers, and emit a cleaner white smoke. Our products release H₂O, O₂, and CO₂ when burned, and do not emit the high-weight polymers and carcinogens that cardboard containers do when burned.
