Installation & Service Fee varies for each cemetery

In most areas of the country, state, or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or burial vault will satisfy these requirements.

The Funeral Home makes no representations or warranties regarding the outer burial containers listed above.

The only warranties expressed or implied, if any, are extended by the manufacturer thereof.
